

# WIRE HANDLING HARDWARE

## Materials Available on Special Order

- Flame retardant Nylon 6/6
- 2% carbon black Nylon 6/6 (U.V. Resistant)
- Polypropylene

NOTE: H AND E DIMENSIONS ARE +/- .015" TOLERANCE.

Micro Plastics' molded nylon cable clamps secure, insulate and route cable, wiring, tubing, piping and fibre optics. These tough, durable chemical resistant nylon 6/6 cable clamps are perfect for applications in electronics, automotive, aircraft, appliance and many other industries. The *Heavy Duty Series* provides a full 1/2" wide contact area for all critical and heavy duty industrial and commercial applications, while the economical *Standard Series* has a 3/8" wide contact area and is designed for medium to lightweight applications. All contact edges have a full radius for product protection. Sizes are clearly marked on each clamp. The following are standard sizes available. Micro Plastics will tool non-standard sizes in suitable quantities.
