

FACE MASK COMFORT STRAPS

Face Mask Comfort Straps are designed to keep your face mask firmly in place while relieving your ears from pressure, strain and irritation due to mask straps. The plastic strap features sets of retaining tabs that allow the user to find the right fit for their face mask comfort.

Comfort Straps allow you to wear a face mask comfortably for hours without discomfort or irritation. Manufactured by ARaymond Industrial, comfort straps have been tested and approved by medical professionals. Face Mask Comfort Straps are ideal for users who have to wear face masks for extended periods of time. Available in black, in packages of eight.
